

## Fun & Easy Nail Art

**1**  
Pull cap  
to draw

**2**  
Twist of  
to paint

**3**  
Design!

Nailritz® allows you to create your own custom nail art designs. At home or on the go, Nailritz® is easy, convenient and saves you money.

Each nail polish color comes with a paint brush and microtip pen, making nail art quick and easy for everyone. The possibilities are endless.

Microtip pen + Paint brush = Nailritz™ IT'S ALL IN ONE!

Nailritz® is simple to take anywhere. Mix and match your favorite colors by untwisting and retwisting the connectors together to create a slim wand.

### Pull Cap

Pull off top cap to expose microtip pen.

### Twist Top

Untwist top to expose the paint brush.

### Twist and Join

Use the connector rings to easily combine your favorite colors to conveniently take anywhere.

CAUTION: When opening plastic bottle, hold pen straight up and down to avoid spillage.

## How to Use Nailritz®

### 1. Prepare Nails

Prepare nails by removing old nail color with nail polish remover. Shape nails with nail file. Square nails at the top and slightly round them at the corners. They will look more attractive and stay stronger.

2. Wash hands prior to use. Dry completely. Then apply 1 coat of the Nailritz® prime base coat to dry clean nails. Let dry. (See figure 10 for Prime Base Coat.)

3. Tightly secure twist top before shaking bottle prior to use. Separate other bottle from connector ring. Be sure to set nail polish bottle down on flat surface with connector ring attached to bottom of color you are using.

4. Use the paint brush to paint color base coat and any large designs.

5. Twist top back onto bottle and close tightly.

7. Gently squeeze the bottle evenly until paint flows freely from the microtip pen. Do not apply pressure to the microtip pen.

8. Use the microtip pen to draw smaller designs and details. Let nails dry completely.

9. Style and Go Your imagination is the only limit to what you can create. Floral designs, animal prints, special occasions, favorite sport teams – from the fantastic to the sophisticated, Nailritz® makes YOU the nail artist. Mix and match our other Nailritz® colors to make your own French tip fashions.

10. To protect your designs apply 1 coat of the Nailritz® finishing top coat. Relax, admire your professional nail art design. To keep nails looking fresh apply finishing top coat daily.
